GETTING THROUGH THE DIGITAL DOOR

Checking Voicemail on An Android Phone
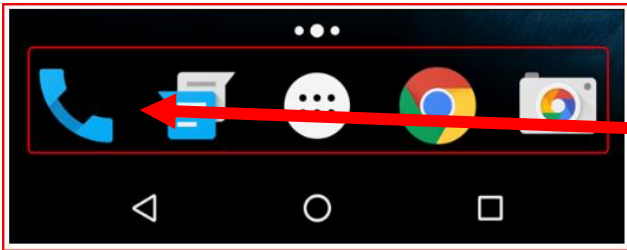

To check your voicemail, click the **PHONE BUTTON** on the dock or favourites tray.
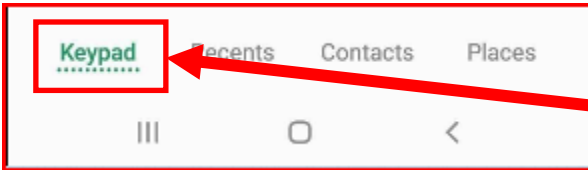

On some phones you will have to click on the **KEYPAD BUTTON** to use the **KEYPAD.**

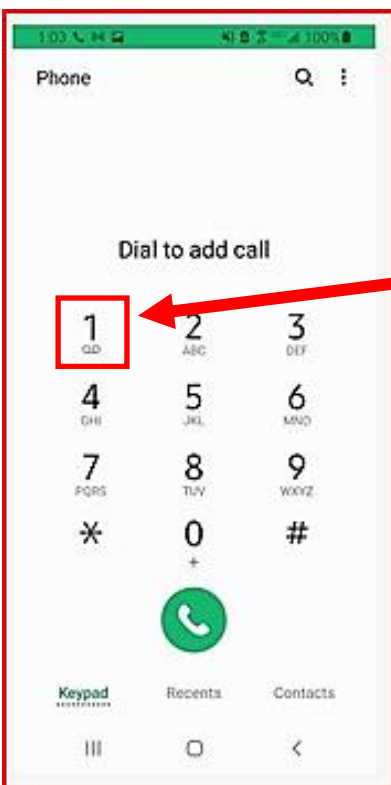

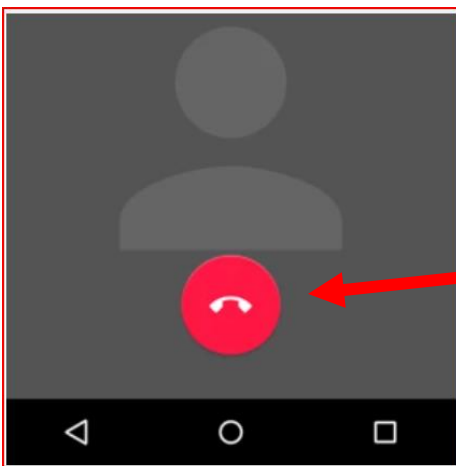

You can check your voicemail by pressing the **NUMBER ONE** on the keypad

Depending on the company you have for your Android phone service you will be asked to press certain numbers to hear your voicemail.

You will be asked to either erase or save the message by pressing certain numbers and symbols.

You can end the call by hitting the **END CALL BUTTON**
